ALDI PHOTO SHOOT

Working with ALDI Pigs in Blanket Café

by Faith King

Envisage had the opportunity to collaborate with a large event and marketing agency for their client ALDI a renowned global supermarket chain. Providing staffing solutions for the grand opening of the Pigs in Blankets Cafe, in London.

ALDI, known for its commitment to quality and innovation, decided to introduce a Pigs in Blankets Cafe in London, offering a delightful array of

creative dishes centred around the beloved festive treat Pigs in Blankets.

The partnership with Aldi required our staff to act as customers for a photo shoot for social media campaign. To ensure ALDI got the imagery they needed we supplied a well-trained and experienced team to exceed these expectations.

The partnership between Envisage and ALDI was remarkably successful, particularly evident in the triumphant opening of the Pigs in Blankets Cafe. Our well-selected and trained staff played a key role in creating a joyful atmosphere for customers. This success resonated online, with blogs and Aldi's website highlighting the event's triumph.
