Minecraft Success

Envisage at the Minecraft Exhibition, London

At Envisage Agency, we're proud to be the people behind the scenes (and at the front of house!) of the hugely popular Minecraft exhibition, supplying the friendly, knowledgeable, and reliable event staff who help bring the magic to life for visitors of all ages.

So far, we've successfully staffed over 1,500 shifts at the experience, and we're not done yet! With many more ahead, our team continues to deliver a consistently exceptional attendance rate, something we're incredibly proud of. In a sector where reliability is everything, our staff continue to show up, shine, and set the tone for an amazing guest experience.

Whether it's guiding families through interactive installations, managing visitor flow, or simply being a smiling, supportive presence on the day, our team members are the customer-facing heroes of the event and they're loving it. The feedback has been fantastic, and it's clear our staff feel just as much a part of the Minecraft world as the visitors do.

We're proud to be part of such a creative and exciting exhibition and thrilled to continue supporting it as it evolves and grows.

Looking for reliable, enthusiastic event staff who go above and beyond?

You've just found them.
