Exceeding Expectations....

When our client CC Medical attended the Royal College of Psychiatrists International Congress, their focus was clear: connect with busy delegates, capture quality leads, and represent their brand with professionalism and warmth. Understandably, the expectation was high — exhibitions move fast, and every interaction counts.

Our two Lead Generation Staff stepped in to support, ensuring no opportunity was missed. From welcoming psychiatrists to scanning badges, explaining the client's services, and capturing contact details, they took the pressure off so the client could focus on meaningful conversations.

The outcome? CC Medical not only secured a strong list of leads but also saw their stand crowned ***Friendliest and Most Engaging***.

Proof that the right staff don't just meet expectations — they elevate them.

Client Testimonials

Just to say William was brilliant. He was so cheerful and didn't complain once about being in a Santa costume all day in 25 degree heat!

He was also fantastic with the kids and got into the role really well for the filming.

The two car park marshals for the event could not be more rated, they were brilliant. They had a really enjoyable time and they were both incredible friendly, warm and so happy, approachable and chatty. They were both the very best and could not rate them any higher
