GLADIATORS EXPERIENCE COMES TO ENVISAGE

We're delighted to be working with the Gladiators Experience at the NEC in Birmingham over the coming months.

If you grew up watching it (or still secretly do), this one needs no introduction.

This isn't just a show it's a full-scale, live experience where people don't just sit back... they step into the arena.

From taking on fan-favourite challenges like Hang Tough, Duel and The Wall, to facing the ultimate test *The Eliminator*, it's all about nerve, strength, and (in many cases) discovering muscles you didn't know existed.

Beyond the arena, there's behind-the-scenes access, training zones, and plenty of opportunities for visitors to fully immerse themselves in the world of Gladiators.

We'll be providing experienced event staff to support the live experience, helping to host the games, guide participants, and keep everything running exactly as it should.

And to get into the spirit of it ourselves... let's just say the office may have hosted its own "Gladiators-inspired" day recently.

Safe to say... we're slightly excited about this one.

Employment Law Changes... can anyone keep up?

Let's be honest most UK businesses are trying to keep up with employment law changes... but it's nearly impossible.

Rules are constantly shifting. Expectations are getting stricter.

And the reality is:

We don't know what we don't know.

You're busy running a business not studying contracts, disciplinaries, holiday pay rules and legal processes. But that doesn't mean you're off the hook.

Because when something goes wrong, that's when the gaps show. And the risk is real (and rising)

Employment tribunals are higher than ever and sometimes for things you wouldn't expect.

Take this recent case involving Nestlé

It's a perfect example of how situations can escalate even when it might seem minor or unintentional.

Reduce your risk by hiring temporary staff

This is why more businesses are rethinking how they staff their teams.

By using an event staffing partner like Envisage Agency, you're not employing those individuals directly which significantly reduces your exposure.

You also get:

- Flexibility – scale teams up or down when needed
- Less admin – payroll, compliance, and paperwork handled
- Reliability – experienced staff who show up and perform

Most importantly...

Less risk, more peace of mind

We've deployed dinosaurs into shopping centres, Bunnies into blizzards and survived heatwaves in faux fur. Mascots have been around for decades but their value is stronger than ever
