# More Smiles, More Spend, Zero Effort

We genuinely love sharing opportunities that could benefit our clients and this is one of those “why isn’t everyone doing this?” ideas. There’s no catch, no commission and honestly nothing in it for us at all. We simply think it’s a brilliant, hassle-free way for venues to generate extra revenue and enhance the visitor experience at the same time.

So, if you’re looking for an easy way to increase spend per visitor without adding extra work to your team, GoPhoto could be well worth a conversation.

# Good People Deserve Great Rewards (& Fancy Doughnuts)

We all naturally share the great experiences we have.

When an event runs smoothly, the staff deliver and everything just works, we talk about it. It's something you mention to colleagues other departments, or even contacts in different businesses.

Recommendations like this happen every day but rarely come with a thank you.

That's exactly why we've introduced our *Referral Scheme*.

Designed as part of our wider plan, the scheme rewards clients who refer us to others whether that's within their own organisation or across their wider network. And it's already proving a success.

We've seen fantastic engagement so far, with clients referring multiple contacts based on their positive experiences working with us. University of Birmingham introduced an internal colleague, while Merlin Entertainments referred another location across the country. Optical People have also connected us with additional branches, demonstrating the value of trusted recommendations.

**As a *Thank You*, we reward every successful referral. Our clients can choose from:**

- **£50 off their next booking with us**
- **£20 high street voucher**
- **Box of doughnuts or brownies for the team**

It's a simple way for us to show our appreciation to you and the confidence you have in what we do.

What would you choose??
